

Support Breast Cancer Action Through Facebook's Birthday Wish Application!

Do You Have a Birthday Coming Up? Well, Happy Birthday!!!

Rather than get a bunch of gifts you don't really need, why not ask your friends to make a gift that will help those affected by breast cancer? It's easy to do when you set up your Facebook Birthday Wish Page!

[Check out one that a Breast Cancer Action staff member set up.](#)

Follow these 3 easy steps to setup your page.

1. [Download Facebook's Causes Application \(if you haven't done so already\).](#)
2. You'll then be directed to the Birthday Wish setup page. Follow the instructions and don't forget to choose Breast Cancer Action as your designated cause! ([Click here to view the Breast Cancer Action Cause page.](#))
3. Promote your Birthday Wish page to your friends using Facebook's suggestions.

Be sure to tell your friends how their generous donation will help support Breast Cancer Action's [Think Before You Pink](#) campaign, [fight gene patenting](#), and [advocate for safer, less toxic breast cancer treatments](#).

Thank you so much for supporting Breast Cancer Action and best wishes for a happy, healthy birthday and many more to come!

Not your birthday but you still want to help raise funds for Breast Cancer Action? You can:

1. [Create your personal fundraising pledge on Facebook Causes.](#)
2. Make a donation to Breast Cancer Action today and ask your friends to join you!
