

Traditional cleaning products have been identified by national and international authorities as carcinogens, mutagens and reproductive toxins. Meanwhile, green cleaning supplies have met independent performance standards assuring they are effective cleaning products and disinfectants.

For the following green recipes, you will need the following household ingredients:

- **Baking Soda** - Cleans and deodorizes.
- **Borax** - Excellent disinfectant. Cleans and deodorizes. Available in laundry section of grocery store.
- **Soap** - Insist on soap without synthetic scents, colors or other additives, like Castile soap.
- **Washing Soda** - Cuts grease and removes stains. Disinfects. Softens water. Available in laundry section of grocery store or in pure form from chemical supply houses as "sodium carbonate."
- **White Vinegar and Lemon Juice** - Cut grease and freshen.

GENERAL CLEANERS

Household cleaner

1 tsp. liquid soap
1 tsp. borax
Squeeze of lemon
1 qt. warm water
OR
¼ c. baking soda
½ c. borax
½ c. vinegar
1 gal. water

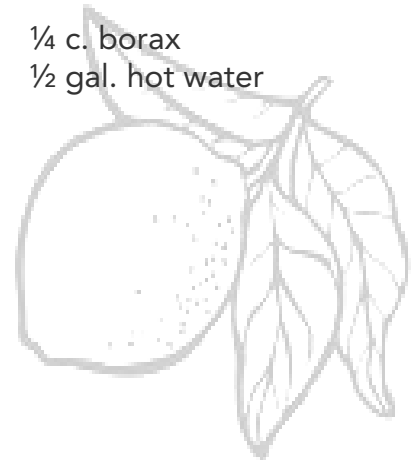

Window cleaner

2 tsp. vinegar
1 qt. warm water
OR
2 tbsp. borax
3 c. water

Rub dry with newspaper to avoid streaking.

Disinfectant

¼ c. borax
½ gal. hot water

KITCHEN/BATHROOM CLEANERS

Oven cleaner

¼ c. baking soda
2 tbsp. salt
Hot water, as needed to make a paste.
Let paste sit for 5 minutes.

Ceramic Tiles

¼ c. vinegar
1 gal. warm water

Drain Cleaner

½ c. borax in drain followed by
2 c. boiling water
OR
¼ c baking soda down the drain, followed by
½ c. vinegar
Cover drain and let sit for 15 minutes. Follow with 2 qts. boiling water.

Toilet Bowls

¼ c. baking soda into bowl and drizzle with vinegar. Let sit for ½ hour. Scrub and flush. Add borax for stains.
