About Breast Cancer Action

Breast Cancer Action (BCAction) has been educating and taking action to address and end the breast cancer epidemic for over 25 years. Founded in San Francisco by a few women living with breast cancer, today BCAction has nearly 60,000 members across the country. Their mission is to achieve health justice for all women at risk of and living with breast cancer.

BCAction focuses on system-wide changes that will ensure that fewer women develop and die from breast cancer and no community bears a disproportionate burden of diagnosis or death from this disease.

BCAction educates, organizes and takes action for systemic change in three areas:

- Breast Cancer Screening, Diagnosis and Treatment
- Root Causes of Breast Cancer
- Pink Ribbon Marketing

With your support, we will address and end the breast cancer epidemic. For more information, visit www.bcaction.org
